Φnnovation Summit

23–25 June 2026

ESA-ESRIN | Frascati, Italy

DETAILED PROGRAMME

Φnnovation Summit

DAY 1 - Tuesday 23 June

Registration & Welcome Coffee

08:30 - 09:30

OUTSIDE BIG HALL

Opening session

09:30 - 11:00

BIG HALL

Ru A. Kermani

Master of Ceremonies
Journalist, BBC

Simonetta Cheli

ESA

*Unlocking Innovation Through
Earth Observation*

Florian Pappenberger

ECMWF

*The future of weather
and environmental forecasting*

Brigadier Hillary Kipkosgey

KSA

*Catalyzing innovation
in the Space Sector in Kenya*

Grazyna Piesiewicz

European Commission (EC), DG CNECT

*Building a climate intelligent Europe:
Insights from Destination Earth*

Michael Seablom

NASA

*An Overview of Technology
Investments in NASA's Earth
Science Technology Office*

Coffee Break & Poster session

11:00 - 11:30

OUTSIDE BIG HALL

Φnnovation Summit

DAY 1 - Tuesday 23 June

Main Plenary

11:30 - 12:30

BIG HALL

Rune Floberghagen

ESA

Disruptive innovation and Earth Action

Marco Brancati

LEONARDO

Leonardo Space Division: Digital interoperability in EO / Geospatial Domain

Juan Bernabé-Moreno

IBM

Science needs a new computing paradigm and a new algorithmic engine

Andrew Zolli

Planet

The Age of Planetary Intelligence

Roundtable on Operational Intelligence in the AI Era: EO, Climate Visualization, and Open Innovation

12:30 - 13:00

BIG HALL

Chiara Maria Cocchiara

Senior Innovation Officer
ESA

William El Sayed

Government & Public Sector
MISTRAL AI

Sergio Albani

Head of Research, Technology
Development and Innovation Unit
SatCen

Minoo Rathnasabapathy

Research Engineer & Program Lead
MIT

Lunch & Drone Show

13:00 - 14:30

ULIVETO TERRACE

Φnnovation Summit

DAY 1 - Tuesday 23 June

[Click here to see the description of each SIDE EVENT](#)

Fishbowl on Foundation Model

🕒 14:30 - 15:30 📍 BIG HALL

SIDE EVENT BY **Climate Change AI** *AI for Earth Observation and Climate – What Actually Matters?*

🕒 14:30 - 16:30 📍 MAGELLAN

SIDE EVENT BY **Cs Group** *EO Virtual Constellation and Cognitive Cloud Computing in Space*

🕒 14:30 - 16:30 📍 JAMES COOK

SIDE EVENT BY **Csiro (Space And Astronomy)** *Open Data Cube Hackathon: Building Analysis-Ready EO Applications with EAST*

🕒 14:30 - 18:00 📍 SCIENCE HUB

SIDE EVENT BY **Latitudo 40** *Seeing the Invisible: Low-Resolution EO for Urban Environmental Hazard Detection*

🕒 14:30 - 15:30 📍 ROOM A

SIDE EVENT BY **Pangeai Inc.** *PangeAI: Agentic Geospatial Intelligence for Wildfire Resilience and Dynamic Response*

🕒 14:30 - 16:30 📍 ROOM C

SIDE EVENT BY **Frank Reply** *Talk to the Machines – the Future is Now!*

🕒 15:30 - 16:30 📍 ROOM A

Fishbowl on On-board AI

🕒 15:30 - 16:30 📍 BIG HALL

Coffee Break & Poster session

🕒 16:30 - 17:00 📍 OUTSIDE BIG HALL

Φnnovation Summit

DAY 1 - Tuesday 23 June

[Click here to see the description of each SIDE EVENT](#)

Students Pitch Hour (Sponsored by ESA Academy)

🕒 17:00 - 18:00 📍 BIG HALL

SIDE EVENT BY Pi School *The Cross-domain gap*

🕒 17:00 - 18:00 📍 MAGELLAN

EO MakerSpace 2026: winning teams pitches

🕒 17:00 - 18:00 📍 JAMES COOK

Act-in-space Hackathon 2026: winning team pitch

🕒 17:00 - 18:00 📍 ROOM A

Shuttles to Dinner

🕒 18:00 - 18:15 📍 ESRIN ENTRANCE

Aperitiff sponsored by Capgemini & Buffet Dinner hosted by ESA 🏠

🕒 18:30 - 22:30 📍 LA COLLINETTA

Shuttles to Frascati City Center

🕒 22:30 📍 LA COLLINETTA

Φnnovation Summit

DAY 2 - Wednesday 24 June

Welcome Coffee

08:30 - 09:00

OUTSIDE BIG HALL

Main Plenary

09:00 - 09:45

BIG HALL

Ru A. Kermani

Master of Ceremonies
Journalist, BBC

Giuseppe Borghi

ESA

Introduction to Φ-lab

Paolo Ruti

EUMETSAT

*Innovation at EUMETSAT
and the Challenges in an
Operational Organisation*

Nicola Rossi

Enel

*Space tech innovation
for the energy sector*

Roundtable on National Space Agencies at the Forefront of Technological Innovation

09:45 - 10:30

BIG HALL

Claudio Iacopino

Head of Φ-lab Explore Office
ESA

Francesco Longo

Head of Earth Observation Unit
ASI

Andrés Camero Unzueta

Co-Head of Department EO Data Science
DLR

Vincent Martin

Deputy Head of the Data Campus
CNES

Coffee Break & Poster session

10:30 - 11:00

OUTSIDE BIG HALL

Round Tables by ESA Φ-lab Visiting Professors

Beyond Bigger: The Next Wave of AI for Earth Observation

11:00 - 11:40

BIG HALL

Silvia Ullo

*Associate professor
University of Sannio*

Sašo Džeroski

*Head of the Department
of Knowledge Technologies
Jožef Stefan Institute*

Begum Demir

*Head of Remote Sensing
Image Analysis Group
BIFOLD*

Jan van Rijn

*Associate Professor
Leiden University*

Xiaoxiang Zhu

*Chair Professor for Data Science
in Earth Observation
Technical University of Munich*

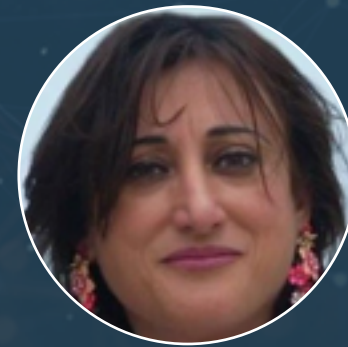

AI4EO Computing Continuum: From Operations to Emerging Paradigms?

🕒 11:40 - 12:20 📍 BIG HALL

Rossella Arcucci

*Associate Professor in Data
Learning and AI for Good
Imperial College London*

Silvia Ullo

*Associate professor
University of Sannio*

Gabriele Cavallaro

*Head of Simulation and Data Lab
Forschungszentrum Jülich*

Mihai Datcu

*Professor
University POLITEHNICA
of Bucharest*

Jakub Nalepa

*Head of AI
KP Labs*

Fabio Del Frate

*Professor on Remote Sensing
and Applied Electromagnetism
University of Rome "Tor Vergata"*

Who owns AI model? Sovereignty, governance and democratization

12:20 - 13:00

BIG HALL

Begum Demir

Head of Remote Sensing
Image Analysis Group
BIFOLD

Sébastien Lefèvre

Professor in AI4EO
UBS

Evan Shelhamer

Assistant Professor at UBC
and CIFAR AI Chair
Vector Institute

Plamen Angelov

Professor, director LIRA
Lancaster University

Rossella Arcucci

Associate Professor in Data
Learning and AI for Good
Imperial College London

Lunch

13:00 - 14:30

ULIVETO TERRACE

Φnnovation Summit

DAY 2 - Wednesday 24 June

[Click here to see the description of each SIDE EVENT](#)

Fishbowl on Quantum Computing

🕒 14:30 - 15:30 📍 BIG HALL

SIDE EVENT BY **Pi School** *Building Agentic Earth Intelligence: A Hands-On Tour of the EVE Platform and Tool Ecosystem*

🕒 14:30 - 16:30 📍 MAGELLAN

SIDE EVENT BY **University of Rome "Tor Vergata"** *Mini-Festival of Animated Shorts from Earth Observation & Original Music*

🕒 14:30 - 16:30 📍 ROOM C

SIDE EVENT BY **ESA Digital Platforms Section** *EO in Consumer-Facing Products: A Co-Design Session*

🕒 14:30 - 16:30 📍 JAMES COOK

SIDE EVENT BY **Thales France** *From Fragmentation to Intelligence: Building Agentic AI Assistants for Earth Observation*

🕒 14:30 - 16:30 📍 ROOM A

SIDE EVENT BY **CNES** *Creative thinking in Space*

🕒 14:30 - 16:30 📍 SCIENCE HUB

PechaKucha on AI for Weather and Climate

🕒 15:30 - 16:30 📍 BIG HALL

Coffee Break & Poster session 

🕒 16:30 - 17:00 📍 OUTSIDE BIG HALL

Students Pitch Hour (Sponsored by ESA Academy)

🕒 17:00 - 18:00 📍 BIG HALL

SIDE EVENT BY **Pi School** *Collaborative Innovation Network (CIN)*

🕒 17:00 - 18:00 📍 MAGELLAN

Shuttles to Frascati City Center

🕒 18:00 - 18:15 📍 ESRIN ENTRANCE

Gala Dinner

🕒 19:00 - 22:30 📍 CACCIANI RESTAURANT

Φnnovation Summit

DAY 3 - Thursday 25 June

Welcome Coffee

08:30 - 09:00

OUTSIDE BIG HALL

Main Plenary

09:00 - 11:00

BIG HALL

Ru A. Kermani

Master of Ceremonies
Journalist, BBC

Roberto Furfaro

University of Arizona

*Conversational Space Observatories:
LLM-Orchestrated Telescope Operations
for Space Situational Awareness and the
Future of Cognitive Earth Observation*

Alberto di Meglio

CERN

*From Particles to the Space Frontier:
Innovating in AI and Quantum
to Power Big Science*

Felix Seidel

ETH Zurich, ETH Swiss GeoLab

*ETH Swiss GeoLab: Building Earth
Intelligence for Switzerland.
From Data to Decisions*

Paul Lasserre

Loft Orbital

*From pixels to events:
AI in orbit and an open constellation
for European AI*

Steve Chien

NASA JPL

Onboard AI for Earth Observation

Marek Miltner

Forbes U30, CTO and founder PangeAI.

*Making AI understand the world's data
to unleash a renaissance of anyone
understanding the Earth through
geospatial data at their fingertips*

Gabriele Cavallaro

Forschungszentrum Jülich

*Next-Generation Supercomputing:
Europe's Ecosystem for AI
in the Exascale Era*

Evan Shelhamer

Vector Institute

More Models = More Problems? Not at all

Coffee Break & Poster session

11:00 - 11:30

OUTSIDE BIG HALL

Φnnovation Summit

DAY 3 - Thursday 25 June

Main Plenary

11:30 - 12:45

BIG HALL

Louis-Paul Henry

Pasqal

*Practical Quantum Computing:
development through use*

Alexander Lvovsky

Oxford University

*Quantum computational machine vision
and its potential for earth observation*

Mark Stephen Meadows

Former NASA

*Innovating with SciFi, Art and AI:
Novel Concepts and Traditional Languages*

Raul Ramachandran

NASA MSFC

AI Agents for Science

Event Wrap-Up

12:45 - 13:00

BIG HALL

Claudio Iacopino

ESA

Wrap Up Φnnovation Summit

Lunch

13:00 - 14:30

ULIVETO TERRACE

Φnnovation Summit

DAY 3 - Thursday 25 June

Innovation Speed Dating

14:30 - 16:30

BIG HALL

SIDE EVENT BY **Ohb Digital Services** *From Spin-In to Sprint: Turning Disruptive Technologies into Earth Observation Innovation*

14:30 - 16:30

MAGELLAN

SIDE EVENT BY **Cloudferro** *Building the Trust Layer for EO - From Decentralized Storage to Verified AI*

14:30 - 16:30

JAMES COOK

SIDE EVENT BY **Involve Space** *Stratospheric Balloon*

14:30 - 16:30

SCIENCE HUB

SIDE EVENT BY **Orbit Quest** *The EO Talent Map: Architecting the Post-AI Engineering Team*

14:30 - 16:30

ROOM A

SIDE EVENT BY **National Center for Scientific Research Demokritos** *Smart Materials and Sensor Architectures for the Next Generation of Space Systems*

14:30 - 16:30

ROOM C

SIDE EVENT BY **Università Degli Studi Di Milano** *Quantum Potential to revolutionize the processing and analysis of EO data*

14:30 - 16:30

ROOM E

Coffee Break & Poster session

16:30 - 17:00

OUTSIDE BIG HALL

Shuttles to Frascati City Center

17:00 - 17:15

ESRIN ENTRANCE

Thematic Dinner in Frascati

19:00 - 22:30

TRATTORIA 19
